01. COMPANY OVERVIEW

Jazairy Clothing & Cotton Wear Co. is an Egyptian apparel manufacturer specializing in lingerie, underwear, sleepwear, loungewear and cotton-based apparel.

Since our establishment in 2008, we have built our manufacturing capabilities around product quality, consistency and reliable execution, serving established brands across local and international markets.

Today, Jazairy operates from a fully equipped manufacturing facility with integrated capabilities across product development, sourcing, production, quality assurance and business operations, enabling us to deliver products that meet the specific requirements of each brand we partner with.

Our approach combines manufacturing expertise, product development and disciplined quality control to provide B2B partners with a dependable production platform from development through final delivery.

02. OUR MANUFACTURING SPECIALIZATION

Our manufacturing expertise is built around cotton-rich and soft-touch fabrics, with capabilities extending across different constructions, silhouettes, finishes and product requirements.

We work with brands to translate their product concepts into commercially viable, production-ready garments while maintaining consistency across quality, fit, materials and finishing.

03. OUR MANUFACTURING CAPABILITIES

Built to Manufacture at Scale

Our production infrastructure is designed to support both repeatable core programs and evolving seasonal collections, allowing us to accommodate different product specifications, quantities and production requirements.

650+	15	20,000	350+
MACHINES	PRODUCTION LINES	UNITS/DAY	EMPLOYEES & STAFF

Our operational structure brings together production, R&D, quality assurance, sourcing, sales, business development and administration within one coordinated manufacturing ecosystem.

04. OUR MANUFACTURING SPECIALIZATION

Jazairy specializes in the manufacturing of:

- Lingerie & Intimates
- Underwear
- Sleepwear & Pajamas
- Loungewear
- Homewear
- T-Shirts & Basics
- Kidswear
- Socks & Undergarments
- Beachwear
- Activewear
- Selected Lifestyle & Apparel Categories

JAZAIRY

UNDERWEAR

We manufacture a wide range of women's underwear with a focus on comfort, fit and consistent quality.

Our production lines are equipped to manufacture requested styles using cotton, cotton-mixed blends, satin, polyamide and lace fabrics.

In-house cup molding machines are available within our facility.

- BRIEFS
- HIPSTERS
- THONGS
- BOYSHORTS
- SEAMLESS STYLES
- MATERNITY STYLES

PRODUCT RANGE / OEM & PRIVATE LABEL

JAZAIRY

JAZAIRY PRODUCT RANGE / LINGERIE & SLEEPWEAR MANUFACTURING

JAZAIRY

SLEEPWEAR

We manufacture a wide range of women's and men's sleepwear with a focus on comfort, fit and consistent production quality across different constructions.

Programs can be developed using cotton, premium cotton such as Supima cotton, soft woven fabrics, viscose and other soft-touch materials selected to meet brand specifications.

- PYJAMAS
- SHORT SETS
- NIGHTDRESSES
- LOUNGE SETS
- BUTTON-DOWN SETS
- MIX & MATCH

JAZAIRY PRODUCT RANGE / SLEEPWEAR MANUFACTURING

JAZAIRY

LOUNGEWEAR

We manufacture a wide range of loungewear with a focus on comfort, fit and quality.

Our loungewear collections can be developed using a versatile range of knitted fabrics, including Single Jersey, Double Jersey, Interlock, Ponte Roma, Scuba Knit, Cotton Fleece and Performance Fleece. Fabric selection can be adapted to the required weight, softness, stretch and seasonal performance of each product.

- JOGGERS
- SWEATSHIRTS
- HOODIES
- PANTS
- SWEAT SETS
- ZIP-THROUGHS
- TEES & TOPS
- MIX & MATCH

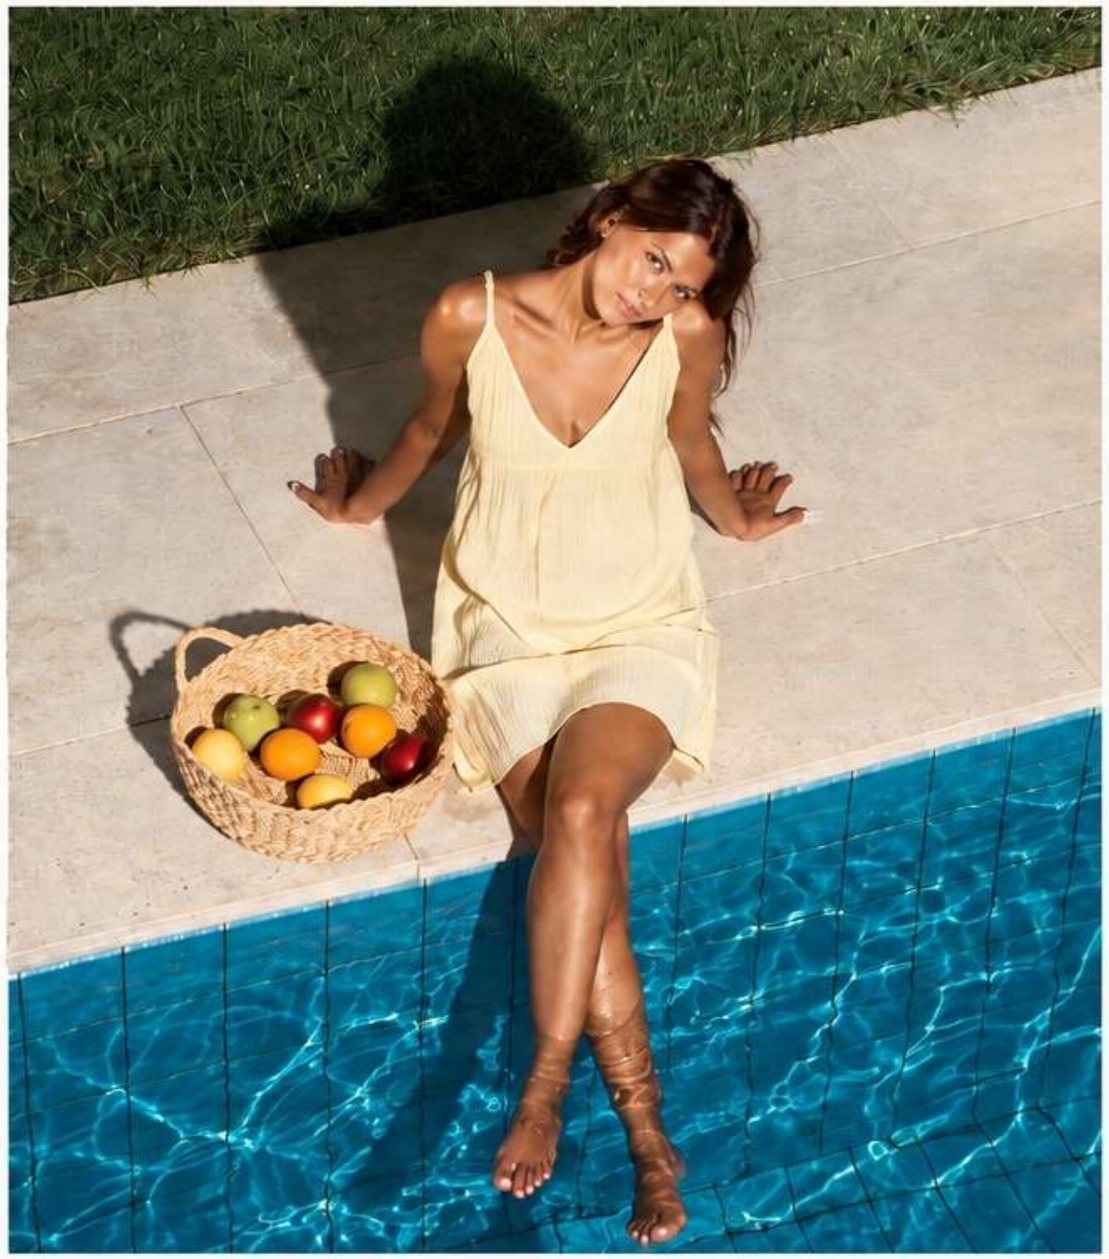

JAZAIRY PRODUCT RANGE / LOUNGEWEAR MANUFACTURING

05. FABRIC & MATERIAL SOURCING

We place strong emphasis on the quality and consistency of the materials used throughout our products.

Our sourcing capabilities cover:

1. Cotton and cotton-blend fabrics
2. Elastics
3. Threads
4. Buttons
5. Zippers
6. Labels
7. Trims & garment accessories

06. PRODUCT DEVELOPMENT & R&D

From Concept to Production

Our R&D function works across the product development cycle, translating design concepts and technical requirements into production-ready garments.

The team works closely with sourcing and production to evaluate:

- Fabrics & materials
- Construction techniques
- Fit & specifications
- Prints & finishes
- Trims & accessories
- Production feasibility
- Cost and efficiency considerations

Your design. Our manufacturing expertise.

07. MANUFACTURING EXCELLENCE

Our production model is built around controlled processes, technical expertise and continuous quality monitoring from fabric preparation and cutting through assembly, finishing and final inspection.

FROM FABRIC TO FINAL PRODUCT

Our vertically organized production facility is equipped with modern technology and a skilled team to ensure high quality, efficiency and on-time delivery. With in-house capabilities at every stage, we maintain full control over the production process.

3 CUTTING TABLES

We use three cutting tables to handle high capacity and ensure precise, consistent cutting.

AUTOMATIC SPREADING MACHINE

Our automatic spreading machine ensures accurate layering and maximum fabric efficiency.

EMBROIDERY MACHINE

In-house embroidery machines allow us to create high-quality logos and custom designs.

2 OCTOPUS PRINTING MACHINES

Two octopus printing machines for efficient and high-quality prints on various garments.

2 CUP MOULDING MACHINES

Two cup moulding machines for professional and durable shaping on lingerie cups.

15 SEWING LINES

Our 15 sewing lines enable flexible production, high capacity and consistent quality.

PACKAGING

Careful packing and labeling to ensure your products reach their destination in perfect condition.

EMBROIDERY TECHNOLOGY

Our in-house embroidery machines allow us to create high-quality logos, custom designs and detailed finishes with precision and consistency.

With advanced technology and skilled operators, we ensure excellent stitch quality, color accuracy and efficient production for both basic and complex designs.

IN-HOUSE PRINTING CAPABILITY

From Design to Final Product

We have a professional and experienced team that manages the entire printing process in-house, from artwork and pattern development to final production.

Our in-house facilities, including advanced octopus printing machines, enable us to produce high-quality, consistent and durable prints for a wide range of garments.

By handling the full process internally, we ensure faster turnaround times, greater quality control and the flexibility to bring our customers' creative visions to life.

08.
QUALITY ASSURANCE

Quality Built Into Every Stage

Quality at Jazairy is managed as an integrated process rather than a final-stage inspection.

Dedicated quality teams monitor production throughout the manufacturing cycle, from the inspection of fabrics and cut components through assembly, finishing and final product inspection.

Our quality controls include:

1. Fabric & Material Inspection
2. Cutting & Component Inspection
3. Inline Production Control
4. Finishing Inspection
5. Color & Fabric Consistency Checks
6. Final Product Inspection
7. Metal Detection

09. PRIVATE LABEL & OEM MANUFACTURING

Your Brand. Our Manufacturing Platform.

Jazairy provides private-label and OEM manufacturing solutions for brands seeking a reliable production partner in Egypt.

We work according to each client's:

* Product specifications
* Technical packs
* Materials & fabric requirements
* Fit and sizing standards
* Branding guidelines
* Packaging requirements
* Quality standards
* Delivery schedules

An Integrated Production Process

01 — Brief & Requirements
Understanding the brand's product, quality and commercial requirements.

02 — Product Development
Technical development, fabric selection, construction and sampling.

03 — Material Sourcing
Sourcing and approval of fabrics, trims and production components.

04 — Pre-Production
Final technical alignment, approvals and production preparation.

05 — Bulk Manufacturing
Controlled production across dedicated manufacturing lines.

06 — Quality Assurance
Inline and final inspections throughout the production process.

07 — Finishing & Packing
Final finishing, labeling, packing and preparation according to client requirements.

08 — Delivery
Order completion and delivery according to agreed timelines.

10. OUR CLIENT PORTFOLIO

Trusted by Established Brands

Jazairy has developed long-term manufacturing relationships with established brands across local and international markets.

Our experience includes production for recognized names such as Vanilla, Vanilla Pure, VNL, LC Waikiki and DeFacto, alongside our wider B2B manufacturing network.

Our experience across different market segments enables us to understand the varying requirements of premium, mass-market and specialized apparel programs.

11. EXPORT & INTERNATIONAL CAPABILITY

From Egypt to International Markets

Strategically located in Egypt, Jazairy is positioned to serve both domestic and international apparel programs.

Our experience with international brands has strengthened our understanding of:

* International quality expectations
* Product consistency
* Technical specifications
* Production standards
* Delivery requirements
* Brand-specific manufacturing processes

Our objective is to provide international partners with a reliable, scalable and quality-driven manufacturing base in Egypt.

12. WHY JAZAIRY?

- **Manufacturing Expertise**
  Specialized experience across lingerie, underwear, sleepwear and apparel.
- **Integrated Capabilities**
  R&D, sourcing, manufacturing and quality assurance within one operational structure.
- **Production Capacity**
  A scalable manufacturing infrastructure designed to support ongoing and seasonal programs.
- **Quality Consistency**
  Multi-stage quality controls throughout the production cycle.
- **Product Development**
  Technical expertise supporting brands from concept development to production.
- **International Experience**
  Experience manufacturing for both local and international markets.
- **Long-Term Partnership**
  A collaborative approach focused on reliability, consistency and sustainable business relationships.
